About this Report

As part of its participation in The National Citizen Survey™, the City of Pasco conducted a mailed survey of 1,500 residents. Surveys were mailed to randomly selected households in November 2017 and data were collected through January 31, 2018. After the official data collection period was underway (see the report, *The National Citizen Survey: Community Livability Report, Pasco, WA, 2018*), the City made available a web-based survey to its residents through a link on the City's website. Visitors to the site were able to complete the survey during December 2017 and January 2018 and 131 surveys were received. Of the 131 completed surveys, 129 were completed in English and two were completed in Spanish.

This report contains the results of this administration of the web-based survey that have not been weighted to current population estimates of Pasco.

Complete Survey Responses

The following pages contain a complete set of responses to each question on the survey, excluding the “don’t know” responses. The percent of respondents giving a particular response is shown followed by the number of respondents (denoted with “N=”).
