## **Third Year Consolidated Annual Performance Evaluation Report (CAPER)**

The third year CAPER includes narrative responses to questions that Community Development Block Grant (CDBG) and HOME Investment Partnership Program (HOME) grantees must respond to each year in order to be in compliance with the Consolidated Planning Regulations.

### **Executive Summary**

In accordance with the federal regulations found in 24 CFR 570, the City of Richland has prepared this CAPER for the period of January 1, 2017, through December 31, 2017 (Program Year). The CAPER presents the progress in carrying out projects and activities pursuant to Program Year 2017 Annual Action Plan for CDBG and HOME funding that is received from The U.S. Department of Housing and Urban Development (HUD) to principally benefit low- and moderate-income persons.

The Cities of Kennewick, Pasco and Richland receive federal CDBG funds annually from HUD. Each city is separately responsible for planning, administering housing and community development activities within their jurisdiction, implementing monitoring, and reporting to HUD on the use of CDBG funds.

The three Cities, as contiguous units of local government, entered into a Cooperative Agreement under HOME to form the Tri-Cities HOME Consortium. The Consortium received federal HOME funds annually to carry out affordable housing projects and activities. The City of Richland serves as the lead agency of the Consortium and is responsible for the administrative, monitoring and reporting agency to HUD.

At the beginning of each program year, the City prepares an Annual Action Plan that informs HUD and citizens what goals and objectives the City and Consortium intends to meet with CDBG and HOME funding during the upcoming year. At the end of the program year, the City prepares a CAPER to illustrate the actual accomplishments achieved during that year. The CAPER allows HUD, local officials and citizens to assess the use of available resources and to assess the efforts made to achieve the goals and objectives identified in the five year (2015-2019) Consolidated Plan and Annual Action Plan.

This annual report, the 2017 Annual Action Plan and other related documents may be accessed through the City's website at <http://www.ci.richland.wa.us>

### **CR-05 - Goals and Outcomes**

**Progress the jurisdiction has made in carrying out its strategic plan and its action plan.**

#### **91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The City of Richland and Consortium have demonstrated measurable progress towards the goals and objectives in Program Year 2017 Annual Action Plan and 2015-2019 Consolidated Plan. Highlights include:

#### **PROJECT COMPLETION SUMMARY:**

### ***Affordable Housing Choices Goal***

**Owner Occupied Rehabilitation Program (OOR):** One (1) homeowner received needed funding to make necessary health and safety repairs to their home.

Tri Cities HOME Consortium uses its HOME funds for direct financial assistance to low and moderate-income first-time homebuyers through the Down Payment Assistance Program (DPA). Activities that were completed (loan closed at escrow) in the program year are reported in the final DPA numbers for each city. These DPA numbers do not represent when completed in the federal Integrated Disbursement Information System (IDIS).

**Richland Down Payment Assistance Program:** Richland HOME funds for \$107,629.00 were used to complete eleven (11) down payment assistance loans. Richland HOME Program loans were able to leverage over \$1.4 million from private local lenders, \$5,668 from seller/gift contributions and homebuyers contributed \$24,980.

**Kennewick Down Payment Assistance Program:** Kennewick provided \$196,500 in HOME funds to complete twenty (20) down payment assistance loans. Kennewick HOME Program loans were able to leverage over \$2.6 million from local lenders, over \$25,042 from seller/gift contributions and homebuyers contributed \$38,459.

**Pasco Down Payment Assistance Program:** Pasco HOME funds totaling \$145,400 were used to complete fifteen (15) down payment assistance loans. Pasco HOME Program loans were able to leverage over \$2.1 million from local lenders, \$13,408 from seller/gift contributions and homebuyers contributed \$48,691.

### ***Community Neighborhood & Economic Development Goal***

**City of Richland Public Works, 2015 ADA sidewalk ramps and removal of architectural barriers:** Public Works completed the 2015-awarded project during 2017. Crews from City Public Works and Energy Services Departments teamed and installed eight (8) Audible Pedestrian Signals (APS). Crews from Public Works also removed barriers along sidewalks that hindered access for persons with mobility limitations and installed thirteen (13) ADA ramps.

Removing architectural barriers has enhanced livability and improved accessibility for disabled and elderly persons of neighborhoods, to enjoy local parks, shopping and to cross intersections in a safe manner.

### ***Homeless Intervention and Public Service Goal***

**The ARC of Tri-Cities, Therapeutic Recreation Partners and Pals Program:** The ARC of Tri-Cities was awarded \$10,000 in CDBG funds. The ARC of Tri-Cities was able to offer 26 adults with developmental disabilities over 1,350 activity hours participating in community activities with the help of volunteers and staff. Approximately 24 volunteers donated 440 hours to help support participation in events for the disabled adults. CDBG helped leverage an additional \$32,000 in private and state funds.

**Senior Life Resources, Meals on Wheels Program:** 48,929 meals were served to 562 Richland residents, of which 421 were disabled. Overall, 39,316 were home delivered and 9,613 were served at the Richland Community Center dining room. All of the meals were planned by a registered dietician and met at least 1/3 of the recommended daily nutrition allowance. Homebound seniors reported that they have a better variety of food, were able to have at least one meal a day, and help them remain in their homes. Volunteers spent 6,658 hours and approximately 24,695 miles providing meals to seniors in Richland. CDBG funds totaled \$9,026, meal donations, and private pay totaled \$442,850, United Way and Adult Day Care contributed \$172,293, Medicaid/COPEs contributed \$57,433 and Federal Older Americans Act contributed \$658,186.

**Elijah Family Homes, Transition to Success Program:** \$23,753 in CDBG funds were used to assist 40 Richland residents. Elijah Family Homes provided case management to recovering drug/alcohol abusers. Case management included teaching basic life and parenting skills, family support, meetings, individual counseling and children's programs, which increased self-sufficiency. Clients were also referred to community training and job connections to increase economic sustainability of the household. CDBG leveraged an additional \$12,800.91 in private funds.

#### **PROJECT IN PROGRESS SUMMARY:**

##### ***Affordable Housing Choices Goal***

**Nueva Vista Phase II:** Housing Authority City of Kennewick, general partner in the with the Nueva Vista Phase II LLLP tax credit project was awarded \$300,000 in HOME funding to assist with the approximate \$6.3 million construction of 28 affordable rental units. Fourteen units will serve homeless families, with children that will have access to Section 8 project-based rental assistance. Five units will serve disabled adults through the 811 Project-Based Rental Assistance Demonstration Program (811 PRAD) who are referred by DSHS. These tenants will also receive case management services through DSHS. The remaining eight units will serve other low-income households. All tenants will have incomes at or below 50% AMI. There are two designated floating HOME units, one, 1-bedroom and one 2-bedroom. An on-site service provider will coordinate with other third party service providers to assist with the challenges residents might be facing, including financial, lack of basic life and parenting skills. The on-site provider will assist with life skills, homework assistance, goal setting and parenting. Residents will have access to a computer lab for education and career training as well as community garden. These services will provide the much-needed stability that these families or individuals might not have.

**Community Housing Development Organization (CHDO):** Tri-County Habitat for Humanity "Kennewick Garden Court" began construction in 2017. The project was for the acquisition and development of three affordable homes for qualified first-time homebuyers.

Tri-County Habitat for Humanity continues to make progress towards the completion of the "Highland Park" development project. Seven homes were sold in 2017. To date, eleven of the twenty-four affordable homes have been completed and sold to low-income, first-time homebuyers.

***Community Neighborhood & Economic Development Goal***

**City of Richland Public Works, 2017 ADA sidewalk ramps and removal of architectural barriers:**

The installation of fourteen (14) ADA ramps along Wright Avenue was completed winter 2017. Twelve (12) ADA ramps will be installed along Duportail Street by September 2018.

**City of Richland, Columbia Playfield Playground Public Facility Improvement:** \$125,891 in CDBG funds were allocated to improve safety and allow for disabled children to access the playground equipment by adding rubber safety surfacing. The project serves adjoining census tracts. Project was placed on hold due to unsuccessful bidding and winter weather. Anticipated completion date, spring 2018.

**The table below represents the progress the City of Richland and the Tri-Cities HOME Consortium is attaining to meet the annual goals anticipated for program year 2017. The progress is meeting the Consolidated Plan objectives and that the funds are being used for the correct purposes to assisting low – and moderate-income persons.**

**Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)**

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee’s program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete
Community, neighborhood & economic development	Non-Housing Community Development	CDBG: \$195,178	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit	Persons Assisted	9245	14010	151.54%	11553	763	6.60%
Homeless intervention and public services	Homeless Non-Homeless Special Needs	CDBG: \$42,779	Public service activities other than Low/Moderate Income Housing Benefit	Persons Assisted	2325	1747	75.14%	555	628	113.15%
Increase and preserve affordable housing choices	Affordable Housing	HOME: \$315,000	Rental units constructed	Household Housing Unit	0	2		2	2	100.00%
Increase and preserve affordable housing choices	Affordable Housing	HOME: \$0	*Homeowner Housing Added	Household Housing Unit	0	60		0	0	
Increase and preserve affordable housing choices	Affordable Housing	CDBG: \$143,214	Homeowner Housing Rehabilitated	Household Housing Unit	15	2	13.3%	2	1	50.00%

Increase and preserve affordable housing choices	Affordable Housing	HOME: \$484,548	Direct Financial Assistance to Homebuyers	Households Assisted	285	185	64.91%	52	46	88.46%
Increase and preserve affordable housing choices	Affordable Housing	CDBG: \$0	Other Acquisition of Real Property/Rental	Other	0	4	100.00%	0	0	

**Table 1 - Accomplishments – Program Year & Strategic Plan to Date**

\*IDIS system categories Homeowner Housing Added as acquisition only HOME units added. The Consortium uses Direct Financial Assistance to Homebuyers for its acquisition only category and must manually adjust the “Outcome Actual Program Year” column to reflect prior/current DPA numbers as part of the 2015-2019 Consolidated Plan years.

**Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

The City of Richland and Tri-Cities HOME Consortium programs focuses the use of its Community Development Block Grant (CDBG) and Home Investment Partnerships Program (HOME) funding on a combination of housing and community development activities.

The three Consolidated Plan high priority-funding goals received entitlement funding for project specific activities during 2017.

1. Affordable housing creation, preservation, access and choice (affordable housing choices)
2. Community, neighborhood and economic development (community & economic development)
3. Homeless intervention and prevention and supportive services (homeless intervention and public service)

As detailed in the Table 1 Accomplishments Program Year/Strategic Plan to Date, all programs and activities made progress towards either strategic or action plan goals. With two years remaining in the five-year plan, the three the goals have already met or exceeded the halfway benchmark with the exception of Richland rehab program.

**CR-10 - Racial and Ethnic composition of families assisted**

**Describe the families assisted (including the racial and ethnic status of families assisted).**

**91.520(a)**

	<b>CDBG</b>	<b>HOME</b>
White	2207	43
Black or African American	39	2
Asian	30	1
American Indian or American Native	5	0
Native Hawaiian or Other Pacific Islander	5	0
American Indian/Alaskan Native & White	10	0
Other, multi race	62	0
<b>Total</b>	<b>2358</b>	<b>46</b>
Hispanic	84	25
Not Hispanic	2274	21

**Table 2 – Table of assistance to racial and ethnic populations by source of funds**

**Narrative**

The listed ethnic and racial populations represents a diverse range of the City’s population and clients directly impacted by federal programs and projects during program year 2017.

Both CDBG and HOME require the City gather race and ethnicity data for all individuals or families receiving a benefit from either funding source. In some cases, individuals may report a race and then include the ethnicity as Hispanic and in some cases, a race is not identified. If a race is not identified then the individual or family will be counted in the white race category. The numbers reflected in the Hispanic section are not included in the overall total, as this would cause duplication of numbers. The not-Hispanic category includes all other client counts.

**CR-15 - Resources and Investments 91.520(a)**

**Identify the resources made available**

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	Federal	432,209	\$247,243.16
HOME	Federal	988,266	\$716,187.16

**Table 3 - Resources Made Available**

**Narrative**

These resources include current grant award, unexpended prior year grant funds, program income and revolving loan funds.

The amount resources expended in calendar year 2017 was made up of \$247,243.16 of CDBG for administration and the project management of public service, public facilities and housing activities, one project was delayed and is expected to be completed and reported in next year’s CAPER.

The City’s HOME expenditures does not match what is reported in the Integrated Disbursement Information System (IDIS). IDIS is reported on a cash basis and the City reports on an accrual basis. In HOME, \$716,187.16 was expended; this amount includes expenditures from prior year not realized in IDIS until 2017. Expenditures were for Consortium planning and administration, project management, rental and CHDO project costs, project delivery and direct financial assistance for activities.

**Identify the geographic distribution and location of investments**

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description

**Table 4 – Identify the geographic distribution and location of investments**

**Narrative**

Funds expended for CDBG were within Richland city limits and benefited low and moderate-income persons/families.

Funds expended for the Tri-Cities HOME Consortium were within each City limit and benefited low and moderate-income persons/families.

### Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Federal funds leveraged over \$6.2 million in private resources (lender, seller and homebuyer) as part of the Tri-Cities HOME Consortium down payment program. In addition, \$717,377 in private, state and local funds were leveraged as part of 2017 CDBG activities.

Match was provided through the following HOME-funded organizations: Tri-County Partner Habitat for Humanity.

<b>Fiscal Year Summary – HOME Match</b>	
1. Excess match from prior Federal fiscal year	\$1,044,098.00
2. Match contributed during current Federal fiscal year	\$137,129.50
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	\$1,181,227.50
4. Match liability for current Federal fiscal year	\$113,761.55
5. <b>Excess match carried over to next Federal fiscal year</b> (Line 3 minus Line 4)	<b>\$1,067,465.95</b>

**Table 5 – Fiscal Year Summary - HOME Match Report**

Match Contribution for the Federal Fiscal Year								
Project No. or Other ID	Date of Contribution	Cash (non-Federal sources)	Foregone Taxes, Fees, Charges	Appraised Land/Real Property	Required Infrastructure	Site Preparation, Construction Materials, Donated labor	Bond Financing	Total Match
1022	10/31/2016					2,474.20		\$24,742.00
1022	11/30/2016					2,720		\$27,200.00
1022	12/31/2016					541.5		\$5,415.00
1022	01/31/2017					555		\$5,550.00
1022	02/29/2017					1,678.25		\$16,782.50
1022	03/31/2017					845.75		\$8,457.50
1022	04/30/2017					885		\$8,850.00
1022	05/31/2017					555		\$5,550.00
1022	06/30/2017					943.25		\$9,432.50
1022	07/31/2017					884.5		\$8,845.00
1022	08/31/2017					799		\$7,990.00
1022	09/30/2017					831.5		\$8,315.00
<b>TOTAL</b>						<b>13,712.95</b>		<b>\$137,129.50</b>

**Table 6 – Match Contribution for the Federal Fiscal Year**

Match Contribution represents the monthly volunteer hours for the construction of affordable first-time homebuyer housing for the Highland Park, Tri-County Habitat for Humanity project.

**HOME MBE/WBE report**

Program Income – Enter the program amounts for the reporting period				
Balance on hand at beginning of reporting period \$	Amount received during reporting period \$	Total amount expended during reporting period \$	Amount expended for TBRA \$	Balance on hand at end of reporting period \$
9,859.68	\$413,730.50	\$121,309.16	0	\$302,281.21

Number	0	0	0	0	0	0
Cost	0	0	0	0	0	0

**Table 10 – Relocation and Real Property Acquisition**

## CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of homeless households to be provided affordable housing units (Rental Development)	1	1
Number of non-homeless households to be provided affordable housing units (HOME DPA, CHDO)	54	53
Number of special-needs households to be provided affordable housing units (Rental Development)	1	1
<b>Total</b>	<b>56</b>	<b>55</b>

**Table 11 – Number of Households**

	One-Year Goal	Actual
Number of households supported through rental assistance	0	0
Number of households supported through the production of new units (Rental Development, CHDO)	2	9
Number of households supported through the rehab of existing units (OOR)	2	1
Number of households supported through the acquisition of existing units (HOME DPA)	52	46
<b>Total</b>	<b>56</b>	<b>56</b>

**Table 12 – Number of Households Supported**

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

The Consortium had a One-Year Goal to assist 56 households and the goal was met. This included HOME DPA, CHDO and Rental Development. Unfortunately, OOR goal was not completely realized, due to the continued decline in popularity.

**Discuss how these outcomes will impact future annual action plans.**

The City does not anticipate any impact on these outcomes with future annual action plans.

CDBG and HOME will continue to fund affordable single-family rehab, down payment assistance, public service and public improvements.

Should funding for the CDBG or HOME programs be reduced or eliminated the City will access all available options and adjust accordingly.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

<b>Number of Persons Served</b>	<b>CDBG Actual</b>	<b>HOME Actual</b>
Extremely Low-income	28	0
Low-income	8	7
Moderate-income	5	41
<b>Total</b>	<b>41</b>	<b>48</b>

**Table 13 – Number of Persons Served**

**Narrative Information**

In 2017, HOME funds were used to assist households with incomes at or below 80% of Area Median Income for the Tri-Cities HOME Consortiums Down payment and closing cost assistance program and rental development. CDBG funds were used for eligible owner occupied home repairs and public service activities.

**CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction’s progress in meeting its specific objectives for reducing and ending homelessness through:**

**Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The City did not reach out to any unsheltered homeless persons or assess their needs in 2017. Staff continues their involvement with Benton Franklin Continuum of Care and Benton Franklin Human Services.

**Addressing the emergency shelter and transitional housing needs of homeless persons**

The City did not address emergency shelter and transitional housing needs of homeless persons in 2017, except through staff involvement with Benton Franklin Continuum of Care and Benton Franklin Human Services. The City and Consortium continues to support the four (4) bedroom Owen transitional house that serves homeless persons in Pasco, funded with HOME and the domestic violence duplex in Richland which was funded with CDBG and county 2060 affordable

housing funds.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

The City supports public service providers with CDBG funding. The City supports Benton and Franklin Continuum of Care and Benton Franklin Department of Human Services. Benton Franklin Department of Human Services manage programs that assist individuals and families through the Coordinated Entry System (CES), which is a localized system to efficiently route households who are homeless or at risk of homelessness to the most appropriate provider among the network of homeless service providers, as quickly as possible.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The City did not assist chronically homeless individuals and families or unaccompanied youth to make the transition to permanent housing and independent living in 2017, except through staff involvement with Benton Franklin Continuum of Care and Benton Franklin Human Services and support of the Owen transitional house in Pasco, Community Action Connection (CAC) offers case management and supportive services to its tenants.

### **CR-30 - Public Housing 91.220(h); 91.320(j)**

#### **Actions taken to address the needs of public housing**

The Consortium partnered with the Kennewick Housing Authority (KHA) and awarded HOME funding to assist with the construction of twenty-eight affordable rental units.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

Public Housing residents are encouraged to attend Resident Council meetings to discuss how to become more self-sufficient and discuss resident services activities that have the potential to assist residents in becoming self-sufficient or improve the quality of life for residents.

KHA revived a program within the Housing Authority community to educate and encourage residents to save towards the goal of purchasing their own home through the Housing Choice Voucher (HVC) Homeownership program, aka the "Ducks." The program provides a participant an opportunity to utilize their rental assistance payment for homeownership. This program is an excellent program which builds family-self sufficiency and stability in families and allows families to purchase homes in areas of opportunity. As a collaborating effort, Consortium members may provide HOME DPA funding to qualified Duck participants.

KHA is currently developing a four-station Computer Lab at Sunnyslope Homes and exploring a homework club for youth residents in the coming months. On-site community garden beds have also been built at Sunnyslope Homes over the past year. The Master Gardeners Association has assisted residents at Keewaydin Plaza, Sunnyslope Homes, and Nueva Vista with gardening activities. The Association has been instrumental in assisting residents in learning gardening practices and assisted in building the garden beds.

### **Actions taken to provide assistance to troubled PHAs**

Not applicable – neither, Housing Authority City of Kennewick nor The Housing Authority of the City of Pasco and Franklin County have been designated a troubled PHA by HUD.

### **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

Through its zoning and land use regulations, the City of Richland implements a number of strategies for increasing the supply of affordable housing. These strategies include: 1) Planned Unit Developments that increase the options for housing densities and housing types (e.g., townhouses, multi-family, duplexes; small-lot districts); 2) mixed use development that increases the opportunity for affordable housing to be developed within or in close proximity to essential amenities such as areas of employment, shopping and medical centers; 3) streamlining permitting, and 4) incentive zoning features, such as allowing accessory dwelling units.

All three cities encourage infill development to preserve older neighborhoods, and support increase of housing densities in areas where adequate public facilities and services (police and fire protection, schools, water, sewer and public transit) are in place or can easily be provided.

Building fees and charges are consistently lower in the City compared to other cities of the same size. The only growth limitations placed on the City is through the Growth Management Act.

**Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

The need for affordable housing, community development and quality of life for low and moderate-income individuals, families and neighborhoods is tremendous. The continues shrinking of funds serves to be the most significant obstacle to addressing the needs of underserved population. While some of these barriers can be reduced through collaborative processes and increasing program efficiencies, the need will continue to outpace the local revenue. While the City has programs in place to address a full range of underserved needs, the amount of funding available for those programs is insufficient to produce outcomes that ensure the basic statutory goals of providing decent housing, a suitable living environments. The City also supports the efforts of local non-profit agencies to meet the needs of underserved populations.

Actions taken in 2017 include:

- ✓ No Interest (0%) Deferred Payment Loans: Home repair loans are offered to low-income owner-occupants of 1-unit properties Citywide up to \$20,000 to eliminate health and safety hazards. Full repayment of principal is required upon future sale, further encumbrance, or non-owner occupancy.
- ✓ No Interest (0%) Deferred Payment, DPA Forgivable Loans: Up to \$10,000, based on need for low and moderate- income first-time homebuyers. Loan assist with the down payment and closing costs, reducing the cost barrier, which makes owning a home more affordable, improving conditions, resulting in housing stability for Tri-Cities households. Loan is forgiven after sixth anniversary of owner occupancy. Full repayment of principal is required upon future sale, further encumbrance, or non-owner occupancy within first 6 years.

The City funds a number of CDBG activities that benefit its citizens by provided rehabilitation to homeowners through the OOR program. Funding allows homeowners to save on energy costs. Additionally, the City funds community and neighborhood projects. Projects include improve neighborhood parks which enhance the livability of the neighborhood and the removal of architectural barriers that limit seniors and disabled from accessing City services.

The City also funded several supportive service projects with CDBG. The projects served lower-income families and persons and relieved the immediate burdens of poverty. These projects offers the opportunities for at-risk, elderly and persons with disabilities increasing the chances of self-sufficiency and reduce burdens on over taxed systems.

**Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

The evaluation and reduction of lead-based paint hazards in standard operational procedures that apply to all funded project and programs. Lead based paint inspections are required on all housing built before 1978. The City of Richland will also continue to reduce the cost burden for lower income households by paying for extensive testing prior to any rehabilitation work through

the OOR program, identifying any lead hazards and assure compliance during and after remediation work. This will be accomplished by granting the costs of lead-based paint inspections, risk assessments, and one clearance exam.

It is also policy that the City provides educational information on lead based paint to all applicants of housing programs, citizens and contractors. Applicants for the down-payment assistance program are provided "Protect Your Family From Lead In Your Home" pamphlet and "Renovate Right" is provided to all Homeowner Rehabilitation applicants. Information is also made available by visiting city offices and via links on city websites.

**Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

The City of Richland provides support for very low-income seniors and disabled households by reducing their utility bills (15% off electricity plus waived base fee, 60% off water, sewer refuse and 33% off of stormwater). The City participates in the "Helping Hands" program coordinated through CAC, utilizing donated private funds to assist people in paying their utility bills.

The City has committed to provide 15% of its total CDBG allocation to organizations that serve individuals and families living below the poverty line. Some of these services include funding to organizations such as Sr. Life Resources, The Arc of Tri-Cities and Elijah Family Homes. These programs help alleviate obstacles many families face due to living below the poverty line while providing tools for them to move beyond their current circumstances.

Economic development activities to increase the supply of living wage jobs independent of Hanford employment continues to be a high priority goal in Richland.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

All of the actions taken by the Consortium and City in the management of HOME and CDBG funds are completed within program underwriting guidelines and address one or more goals identified in the Consolidated Plan. Coordination between public and private housing and social services agencies is an extremely important activity. The City participates in the meetings of our local Continuum of Care (CoC), which is comprised of various housing and social service agencies. The collaboration of many local stakeholders provides better service to the underserved through many different projects and programs. Collaborating with these institutions is vital to overcoming any gaps in institutional structure, improving the effectiveness of coordination and efficiencies and will continue in the next plan year.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

City of Richland and Consortium staff coordinate with a variety of public and private housing and social service agencies during the planning, project proposal, and implementation stages of programs through the citizen participation process.

Staff of the cities and representatives of nonprofit services and housing agencies participate on

committees crossing jurisdictional lines. This includes involvement in the Continuum of Care planning efforts undertaken by Benton Franklin Human Services, a joint County agency, to oversee reducing homelessness in the counties. Richland continues to work with other community liaisons to encourage cooperation and sharing of information to identify existing resources that might be available to meet community needs.

There is also a close working relationship with the Housing Authorities, some of whom have benefited from CDBG and/or HOME funds for assisted housing development activities and whose residents have benefitted from public services delivered by the area's nonprofit agencies.

A limitation on cooperative efforts is the lack of new federal resources available for programs.

In 2018, the Consortium will collaborate with the two local PHA to update the Tri-Cities Analysis of Impediment to Fair Housing Plan.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

The City of Richland and the Consortium have taken the following actions to improve fair housing issues:

- Fair Housing logo displayed on internal applications, reports and advertisements.
- Promoted fair housing through display ads in English and Spanish, through City web, social median and City reader board.
- Provide interpretive resources through the Language Line to accommodate language barriers.
- Provide reasonable accommodations, to the greatest extent feasible for persons with disabilities.
- All housing program applicants are provided a "Fair Housing Equal Opportunities for All" brochure.
- Down payment assistance borrower(s) are required to take an approved first-time homebuyer education course prior to receiving DPA funding.
- English and Spanish Fair housing posters are displayed at the Richland, Kennewick and Pasco City Halls, Richland Development Building, and area public libraries.
- Language requiring compliance with Federal, State, and local laws prohibiting discrimination on the basis of race, color, national origin, sex, disability, or age is included with every CDBG and HOME funded contract.

**CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

The City of Richland is responsible for overall monitoring of Richland CDBG and Tri-Cities HOME Consortium program sub-recipients. Monitoring ensures compliance with all federal, state and local rules, regulations and laws. City staff will at a minimum monitor subrecipients annually. Monitoring is accomplished through phone conversations, written correspondence, review of submitted reports, desk monitoring, and one-on-one site visits. Technical assistance is offered throughout the year, both to new and existing sub-recipients. Various reports are required to identify progress made, and a final year-end recap must be submitted.

Day to day monitoring of HOME projects is completed by staff of the member city, with Richland completing an annual monitoring of member cities. Housing projects funded by CDBG and HOME assistance are made as loans, with compliance requirements identified for a specific time period. The funds are secured by recorded deeds of trust, promissory notes, and other contractual loan agreements. These documents establish the obligations for compliance with CDBG or HOME regulations. Loan terms and the provision of interest rates vary depending on the housing program undertaken, with some loans forgivable under the HOME program upon expiration of the period of affordability. All construction activities are required to secure building permits and comply with zoning and building code requirements. Housing units are inspected and corrections are required to meet building codes as part of the permitting process. HOME funded units must be brought up to current rehabilitation standards. Acquisition only projects must meet Housing Quality Standards, and, if newly constructed, the home must also receive a Certificate of Occupancy from the building department.

The City of Richland does not monitor grants or loans awarded directly to other entities by HUD or other federal or non-federal agencies.

#### **Citizen Participation Plan 91.105(d); 91.115(d)**

##### **Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

The Consolidated Annual Performance Evaluation Report (CAPER) describes the accomplishments of each activity undertaken during the prior year's annual plan, identifies how funds were actually used versus how the funds were proposed to be used, what impacts the activity realized, and to what extent the funds benefited low and moderate-income persons and a self-evaluation of progress made.

The Citizen Participation Plan states that the CAPER will be made available through distribution and public review and comment for at least 15 days prior to completion and submission to HUD by March 30 of each year. Citizens will be given a 15-day period in which to comment on the CAPER. City program staff will consider all comments received. A summary of all comments received, and the reason for not accepting any particular comments will be attached to the CAPER.

A public notice advertisement was published in the newspaper of record, the Tri City Herald on March 11, 2018, as well as tu Decides, a bilingual newspaper. The Draft 2017 CAPER was available

for review and comment. A Public Hearing was held on March 28, 2018 at the Planning Commission. The comment period ended on Thursday, March 29, 2018.

No comments received.

### **CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

There were no changes in the City's program objectives for 2017. The City of Richland followed the 2017 Annual Action Plan as submitted and approved by HUD.

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

Not a BEDI grantee.

### **CR-50 - HOME 91.520(d)**

**Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations**

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Not Applicable.

**Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)**

All Consolidated Plan programs follow HUD's requirements for affirmatively marketing. To increase participation from persons who might not otherwise apply for the housing programs offered by the Tri –Cities HOME Consortium and City of Richland, the following actions were taken in 2017:

- Provided housing program information to non-profit agencies, the two housing authorities, lenders, realtors, and the public through meetings, brochures/flyers, advertising in local periodical newspapers, through our City website and television broadcasts.
- Information and brochures regarding housing programs, lead based paint, remodeling a home safely, fair housing, predatory lending, and various other topics relating to planning and neighborhoods were available for distribution at the City Planning and Redevelopment office and City website.
- The Equal Housing Opportunity logo is displayed on the City of Richland's website, HOME

DPA and CDBG Owner Occupied Rehabilitation program applications, various federal plans, advertisements and other informational publications to inform the public, potential borrowers, lenders and realtors regarding fair housing laws.

- Fair Housing poster displayed at City and Subrecipient offices.

As a consortium, and as separate cities, consortium members practice affirmative marketing when seeking contractors and procurement of services. Affirmative marketing actions may include newspaper advertisements, direct mailings, and notification to local agencies such as the Tri-Cities Homebuilders Association, Continuum of Care members, MBE/WBE State lists, and other interested parties. When appropriate, brochures and/or bid packets are distributed to local women or minority owned businesses that are encouraged to participate in bidding opportunities. Annual reports detailing accomplishments of hiring Minority and Women's Business Enterprises for construction activities have been prepared and submitted to HUD in a timely manner.

**Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics**

The Consortium allocates program income annually as part of all estimated HOME resources. Program income is expended as soon as it is available in IDIS. Program Income (PI) of \$413,730.50 was received during the program year, \$121,309.16 of PI was expended as part of the the Down Payment Assistance program

**Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)**

Continue to market and provide low and moderate-income persons and families' access to funds through City programs. The City will continue to participate with community organizations to find meaningful ways to reach low-income population in need of affordable housing.
